INTERVIEW: KETAN SENGUPTA, CEO, Bengal Peerless Housing Development Company

'Size of real estate market will reach \$1 trn by 2030 from \$120 bn in 2017'

The Indian real estate market has witnessed an overall slowdown following the Covid-19 pandemic. But many players are coming up with new projects, expecting a demand recovery soon, Ketan Sengupta, CEO, Bengal Peerless Housing Development Company (BPHDC), says in an interview.

West Bengal government-controlled West Bengal Housing Board (WBHB), speaks to the Indian real estate market following the Covid-19 pandemic. But many players are coming up with new projects, expecting a demand recovery soon, Ketan Sengupta, CEO, Bengal Peerless Housing Development Company (BPHDC), says in an interview.

been fully acknowledged by the Government of India in its National Housing Policy declared in May 1992. The Government of India has also created an alternative bar: the problem of housing, formed joint sector companies with West Bengal Housing Board and private entrepreneurs.

How is the property market at present? Where do you expect it to go in the next five years? The demand slowdown in the residential segment has already curbed housing sales, project launches and price growth due to the pandemic. The Indian real estate market will definitely improve after a year or two, once the pandemic settles down. It has a multiplier effect on other allied industries in terms of employment generation & GDP growth. The demand for residential real estate for both Kolkata and suburbs could show signs of pickup in six to 12 months once the pandemic settles down.

Gold imports slump as festival fails to light up demand

SHRUTI SRIVASTAVA & SWANSY AFONSO New Delhi/Mumbai, Dec 4

Fading allure India's gold imports tumbled 41% on year in November

India's gold imports tumbled 41% on year in November. The demand during Diwali, the biggest occasion for the country's more than 900 million Hindus to purchase jewellery, was only about 70% of last year's levels, according to the All India Gem and Jewellery Domestic Council. India's imports in the January to November period are down 63% from a year earlier to 2,202 tonnes, according to Bloomberg calculations.

Chopper scam: SC declines to revoke approver status of Saxena

THE SUPREME COURT on Friday stayed the verdict of the Delhi High Court which dismissed the plea of ED to revoke approver status of businessman Rajiv Saxena in the AgustaWestland helicopter scam.

A bench headed by Chief Justice S A Bobde issued notice to Saxena seeking his response on the appeal filed by ED against the HC's June 8 judgment. "In suo motu. In the meantime, there shall be stay of operation of the impugned order," said the bench, also comprising Justices AS Bopanna and V Ramaswami. Dubai-based Saxena was extradited to India on January 31 last year in connection with the scam relating to the purchase of 12 helicopters from AgustaWestland. —PTI

How will real estate be placed as an asset class in the next five years? What percentage of the Indian real estate projects are being sold to NRIs? It has given any boost to the rental market? By 2040, real estate market will grow to \$45,000 crore (\$9.30 billion) from \$12,000 crore (\$1.2 billion) in 2019. Real estate sector in India is expected to reach a market size of \$1 trillion by 2030 from \$120 billion in 2017 and contribute 13% to the country's GDP by 2025. The sector will incur more non-resident Indian (NRI) inflows. In addition to the short-term and the long-term inflows, besides, SEBI has given its approval for the Real Estate Investment Trust (REIT) platform, which will allow global investors to invest in the real estate market.

What is your take on the present state of housing finance? How much has been the inflow of foreign funds into the Indian real estate market? The government created an Alternative Investment Fund in order to revive stalled housing projects and Affordable Housing Fund in the National Housing Board with WBHB and Peerless General Finance and Investment Company, with both having 49% equity participation. We are required to invest in the WBHB norms requiring 50% reserve for the L1C, MIC segments and the remaining for the HIG segment. We are developing Avdipat 2 at Salt Lake, Kolkata with a commitment to green initiatives, lower energy consumption, with design maximising sunlight and cross-ventilation. Bengal Peerless has adopted simple yet highly effective policy, reuse and recycle policy with a strict adherence to norms with regards to the environment.
